## SUSTAINABLE STORMWATER MANAGEMENT TECHNOLOGIES

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Modeling at the Lot Level Scale | There is much discussion regarding the effects of urban development on stormwater management, especially the negative effects such as flooding, stream erosion, and increased pollution. An emerging sustainable stormwater management philosophy is Low Impact Development (LID), which seeks to reverse these negative effects by designing infrastructure to mimic natural hydrologic processes such as infiltration. This paper considers several lot level stormwater management controls encouraged by...
