PRE- AND POSTNATAL DEVELOPMENT OF THE MOUSE OVARY

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | This book provides illustrated histological, ultrastructural, and histochemical descriptions of the developing mouse ovary and covers the prenatal ovarian development of five stages (day 14-18), the early postnatal development (day 0, 1, 3, 5 and 7), the immature ovary (week 2, 3, 4 and 6) and mature ovary (week 8). The portrayal of the mature mouse ovary included the description of: 1- the estrous cycle, 2- the anatomy of female genital organs,...

Reviews

This book is really gripping and interesting. Better then never, though i am quite late in start reading this one. Its been developed in an exceedingly easy way which is only right after i finished reading this ebook where basically modified me, alter the way i really believe.
