National Academies Press. Paperback. Book Condition: new. BRAND NEW, Summary of a Workshop on Using Information Technology to Enhance Disaster Management, Committee on Using Information Technology to Enhance Disaster Management, Computer Science and Telecommunications Board, Division on Engineering and Physical Sciences, National Research Council, National Academy of Sciences, Section 214 of the E-government Act of 2002 called on the Administrator of the Office of Electronic Government in the Office of Management and Budget, in consultation with the Federal Emergency Management Agency (FEMA), to "ensure that a study is conducted on using information technology to enhance crisis preparedness, response, and consequence management of natural and manmade disasters." The section cited as a goal "to improve how information technology is used in coordinating and facilitating information on disaster preparedness, response, and recovery, while ensuring the availability of such information across multiple access channels." In early 2005, FEMA, via a subcontract through Battelle Memorial Institute, asked the Computer Science and Telecommunications Board (CSTB) of the National Research Council (NRC) to undertake a two-phase study on these issues. Summary of a Workshop on Using Information Technology to Enhance Disaster Management culminates phase 1 of the project. CSTB established the Committee on Using Information Technology...
