Investigations Involving the Internet and Computer Networks

By U S Department of Justice, Office of Justice Programs, National Institute of Justice

Createspace, United States, 2012. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.As the use of the Internet and other computer networks has grown rapidly in recent years, so has the opportunity for electronic crime. Unlawful activity can be committed or facilitated online. Criminals can trade and share information, mask their identity, identify and gather information on victims, and communicate with co-conspirators. Web sites, electronic mail, chat rooms, and file sharing networks can all yield evidence in an investigation of computer-related crime. This report was developed by the Technical Working Group for the Investigation of High Technology Crimes and is intended to be a resource for individuals responsible for investigations involving the Internet and other computer networks. It is one of a series of electronic crime investigation documents already published or in development by the National Institute of Justice (NIJ). The guides are developed by technical working groups that consist of practitioners and subject matter experts brought together by NIJ to help law enforcement agencies and prosecutors deal with the growing volume and complexity of electronic crime. The series of guides will discuss the investigation process from the first responder,...
