PERSPECTIVE AND OTHER OPTICAL ILLUSIONS (HARDBACK)

Bloomsbury Publishing USA, United States, 2008. Hardback. Condition: New. Language: English . Brand New Book. A thinking person's guide to reality. The science of perspective has informed the representational and decorative arts since their inception, and its gradual perfection during the Renaissance was as important an event as any of the other mathematical and scientific developments of the time. Beginning with the evolution of visual perspective, Phoebe McNaughton reveals how and why illusions work in the first place. Questioning...
