

Introduction to Ho Math Chess and Its Founder Frank Ho: Ho Math Chess Tutor Franchise Learning Centre

Filesize: 4.18 MB

Reviews

It is one of the best books. Better than ever, though I am quite late in starting to read this one. I am delighted to explain how this is the best book I have ever studied in my personal lifestyle and might be the best PDF for ever.

(Tessie Gutmann)

INTRODUCTION TO HO MATH CHESS AND ITS FOUNDER FRANK HO: HO MATH CHESS TUTOR FRANCHISE LEARNING CENTRE

Ho Math Chess Tutor Franchise Learning Centre. Paperback. Condition: New. 102 pages. Dimensions: 11.0in. x 8.5in. x 0.2in. Many people were curious about how I created so many unique workbooks. People were also wondered how Ho Math Chess is different from other similar learning centres. Many readers do not have an idea on how these puzzles were placed in each of our workbooks. When we first created these puzzles, we did not have a blueprint to follow because they did not exist. Many parents do not know how to teach their children with our workbooks because they themselves had never seen this kind of arithmetic worksheets before. So, I decided to write a book to address the above two problems, one is to describe how I created worksheets in general, and the other is to show how and why Ho Math Chess sets itself apart from others. I would like to thank my students who had given us feedbacks during my writing many workbooks. As a matter fact I wrote a few worksheets for some of my students and tried on them and if they did not work out effectively, then I revised. Without these students input, some of my workbooks would not have been materialized. I have produced unedited videos to talk about my worksheets and explained about their formatting. Watch my videos using the following links. They are very educational and one-of-a-kind. Frank Ho presents math, chess, and puzzles integrated Intelligent Arithmetic Worksheet. <https://www.youtube.com/watch?v=Td3SKp7cukA> and [t262s](https://www.youtube.com/watch?v=t262s) Published on Jun 14, 2017 Frank walks the viewer through his unique and worlds first math, chess, and puzzles integrated worksheet. No questions are shown on the sheet, only mini-chessboard, puzzle table, and his invented flat chess Geometry Chess Symbols which are being used as a set of the command...
