MATH

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The events of the last school day before winter break prove that the snow can cover the earth, but secrets doomed to reveal themselves cannot stay hidden for long. Matthew Billing, amisfit, sixteen-year-old high school student has for months been confusing his sexy, married, thirty-something algebra teacher s descent into madness, promiscuity, and repressed trauma for love and affection as they shamelessly have their encounters in the the very classroom where she teaches her other students. The teacher s name is Carol Collins, and Mathew is not her only prey. Tim Peck, a former gym teacher, married father of four daughters, and principal of the Ohio high school is struggling too with his infidelity on the school property, but Carol s appeal is hard for him to resist, and the Schadenfreude she feels after every time she witnesses the guilt of his conscience afterwards seems to make it all the more worth-while to her. The supporting characters consists of Steven, Carol s ignored husband, and their infant daughter who is glued to him at all times, as he takes on role of father and mother while trying to unravel his wife s complete disregard for her duties as a mother and wife. Mathew s mother Patricia is a slovenly, overweight, divorced and remarried housewife living in the country who spends her days doing chores and watching the television talk-shows, current events, and doing her best to take the disappointment of what she s become out her mind. She struggles with her body image and the image of her equally overweight husband and daughter. She could never shake the lifelong dream of attention and fame and...
