Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Living Dead Press, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Zombies, vampires, werewolves and ghosts are just a few of the monsters in this anthology. But this isn't any anthology, you see, this is a party. Or to be more to the point, a Monster Party. Ever wonder what would happen if a werewolf and a zombie squared off? Or perhaps a vampire and a Frankenstein monster? Or better yet, how about a world where every conceivable monster is real and humans are their prey? If those burning questions have been driving you mad, then look no further than this book. So go on over to the buffet table, grab yourself a plate (the shrimp looks good) and get yourself a drink, and enjoy the fun ride that is the Monster Party.
