

## Then She Was Gone (Hardback)

Filesize: 6.05 MB

### ***Reviews***

*It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.*

Atria Books, 2018. Hardback. Condition: New. Language: English . Brand New Book. More than a whiff of The Lovely Bones wafts through this haunting domestic noir from bestseller Jewell. Skillfully told by several narrators (some of them ghostly), Jewell's gripping novel is an emotionally resonant story of loss, grief, and renewal. --Publishers Weekly Jewell teases out her twisty plot at just the right pace, leaving readers on the edge of their seats. Her multilayered characters are sheer perfection, and even the most astute thriller reader won't see where everything is going until the final threads are unknotted. --Booklist, starred review Ellie Mack was the perfect daughter. She was fifteen, the youngest of three. She was beloved by her parents, friends, and teachers. She and her boyfriend made a teenaged golden couple. She was days away from an idyllic post-exams summer vacation, with her whole life ahead of her. And then she was gone. Now, her mother Laurel Mack is trying to put her life back together. It's been ten years since her daughter disappeared, seven years since her marriage ended, and only months since the last clue in Ellie's case was unearthed. So when she meets an unexpectedly charming man in a caf  , no one is more surprised than Laurel at how quickly their flirtation develops into something deeper. Before she knows it, she's meeting Floyd's daughters--and his youngest, Poppy, takes Laurel's breath away. Because looking at Poppy is like looking at Ellie. And now, the unanswered questions she's tried so hard to put to rest begin to haunt Laurel anew. Where did Ellie go? Did she really run away from home, as the police have long suspected, or was there a more sinister reason for her disappearance? Who is Floyd, really?...
