CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 46 pages. Dimensions: 8.5in. x 5.5in. x 0.1in. 1 Best Seller in Aquaculture, Gardening and Horticulture Vegetables and Container Gardening Just to say Thank You for checking out this Book I want to give you a copy of my upcoming special report The Homesteaders Calendar: Seasonal To-Dos for Sustainable Living and Homestead Survival . Go to HomesteadSurvivalGuide.com to reserve your FREE copy now. Aquaponics, which pairs the sustainable plant growing practice of hydroponics and the sustainable fish farming practice of aquaculture, is a system tailor made for inquisitive homesteaders who are looking for ways to establish a self-supporting food supply that has the potential to operate year-round, indoors or out. In Aquaponics: The Beginners Guide to Growing Vegetables and Raising Fish with Aquaponic Gardening 1 Best Selling author Gaia Rodale helps demonstrate the magic that happens when you combine these two practices, nullifying the drawbacks of both and creating a symbiotic system perfect for providing fresh vegetables and flavorful fish for your family. You will learn the basics of how each of these systems operates and why they work so well together. The different components that...
