Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Annotated. Language: English . Brand New Book ***** Print on Demand *****. Mankind in the Making (1903) is H.G. Wells s sequel to Anticipations (1901). Mankind in the Making analyzes the process of man s making, i.e. the great complex of circumstances which mould the vague possibilities of the average child into the reality of the citizen of the modern state. Taking an aggressive tone in criticizing many aspects of contemporary institutions, Wells proposed a doctrine he called New Republicanism, which tests all things by their effect upon the evolution of man.
