Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from An Elementary Treatise on Mechanics, Vol. 1: Designed as a d104-Book for the University Examinations for the Ordinary Degree of B. A.; Statics This Treatise contains the text of the Lectures which I have delivered for some years past in University College. As my design has been only to furnish to Students a text book for such parts of the subject as are required for the ordinary degree of B. A. In Universities, I have not thought it advisable to burden this work with mere explanation or illustration, or to add examples presuming that such, where necessary, will be furnished in the Lecture-room or by the Tutor. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
