This manual, Field Manual FM 4-01 Army Transportation Operations April 2014, is the Army's doctrinal manual for transportation. It replaces FM 55-1. Its purpose is to provide authoritative doctrine for transportation operations that support unified land operations. This publication applies to the range of military operations and supports Army doctrine publication (ADP) 3-0, Unified Land Operations and ADP 4-0, Sustainment. It also expounds on transportation doctrine that is introduced in ADP 4-0. The intent of this FM is to support strategic and operational reach, and enable endurance. This FM also establishes how transportation operations are integrated and synchronized into the overall operations process plan, prepare, execute, and assess. Transportation is identified as a sub-element of logistics in the Sustainment Warfighting Function. The principle audience for FM 4-01 is all members of the profession of arms. Commanders and staffs of Army headquarters serving as joint task force or multinational headquarters should also refer to applicable joint or multinational doctrine concerning the range of military operations and joint or multinational forces. Trainers and educators throughout the Army will also use this publication. Commanders, staffs, and subordinates ensure that their decisions and actions comply with applicable U. S. , international, and, in some cases host-nation laws and regulations. Commanders at all levels ensure their Soldiers operate in accordance with the law of war and the rules of engagement. (See FM 27-10.) FM 4-01 uses joint terms where applicable. Selected joint and Army terms and definitions appear in both the glossary and the text. Terms for which FM 4-01 is the proponent publication (the authority) are italicized in the text and are marked with an asterisk (*) in the glossary. Terms and definitions...
