Brand New Book ***** Print on Demand *****.On the mountains of truth you can never climb in vain: either you will reach a point higher up today, or you will be training your powers so that you will be able to climb higher tomorrow. Friedrich Nietzsche What mountains mean to me: in one word, awe-inspiring. Although we can measure them, our minds are incapable of actually grasping the very small or the very large things in nature: neither atomic particles nor astronomical distances. How big is a mountain, how much does it weigh? Our limited minds can only cope with subjective assessments such as how difficult is it to climb, how dangerous would an avalanche be? Introduction What are Mountains for you? Soul Captivation on White Bone Mountain The...
