Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In this day and age, seeing black comic book characters isn't at all uncommon. In fact, every year we see more and more black superheroes and heroines on television, on the big screen and in the comic books themselves. But this wasn't always the case. It wasn't so long ago that black superheroes were few and far between, and the ones that were around had some questionable origins and storylines. In this book, William Jones, founder of Afrofuturism Network, breaks down the origins of four black comic book characters — Luke Cage, Papa Midnite, Storm, and Black Panther — and analyzes their representation throughout comic book history. Whether you're a long-time lover of comics, an established or aspiring creator or a new and casual fan you'll find something new as you read about the untold stories of these heroes and get a feel for the future of diversity and representation in the comic book medium.
