QUANTUM DOT, THE (PAPERBACK)

Oxford University Press Inc, United States, 1996. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Since first developed in the early sixties, silicon chip technology has made vast leaps forward. From a rudimentary circuit with a mere handful of transistors, the chip has evolved into a technological miracle, packing millions of bits of information on a surface no larger than a human thumbnail. And most experts predict that in the near future, we will...
