There are, however, certain portions of the Proceedings which it has been found necessary to give in two languages. The sectional reports were originally drawn up in most cases in French, and accordingly the official French original is here preserved and printed in parallel columns, as was done in the daily journal of the meeting. Further, in order to economise, the list of delegates and other introductory matter has been printed in both languages to serve both for the French and English edition. Finally, it has seemed desirable to give certain of the speeches in their original words. Accordingly, the opening and closing ceremonies are reported both in French and English.
