Excerpt from Pre-Historic Phases: Or Introductory Essays on Pre-Historic Archaeology A new science has dawned upon us, lighting up the earliest history of mankind. Pre-historic archaeology is the latest to arrive of a series of luminaries that have dispelled the mist of ages, and replaced time honoured traditions by scientific truths. The silent past has been made to speak, and the sea of unre corded ages to render up its dead. Long buried things have become witnesses of the deeds and modes of life in the remotest times. Pre-historic archaeology has Opened up a long vista through distant historic periods, to the farthest and darkest ages. It has been defined as the history of men, and things that have no history.
