Volume II - GRAVITY: Conversations with G - A Common Dialog on Universal Gravitation as The Secret Law of Attraction - features The Atoms in a graphic novel of pure abstract (non)fiction. In this tome, UNIVERSAL GRAVITATION is explored as The Secret Law of Attraction that brings Atomic Structures together around the cosmic web. NOTE: The Kindle version shows odd page numbers; however, please ignore this; the book is complete as is. The actual number of pages with blanks in the printed edition is 212; yet this electronic version excludes the empty white pages. REVIEWER COMMENTS: Conversations with GRAVITY is thought-provoking with a scientifically-biblical edge. The 2012 Prophecy Reality TV No, its Reality Reading as entertaining (non)fiction. Nature and its laws lay hid in night; G said, Let JOIE be, and all was light. With unification of such topics as gravity, God, Darwinian Evolution, psychology, chemistry, astronomy, geology, meteorology, natural philosophy, and (quantum) physics, The Atoms are more than a fait accompli. The history of science is now rewritten - with a Zeroth order. Were already planning for SPACE DAY!...
