

Saving Investa: How an ex-factory worker helped save one of Australia s iconic companies (Paperback)

By Scott MacDonald

Brio Books, Australia, 2016. Paperback. Condition: New. Language: English . Brand New Book. In September 2007, Morgan Stanley bought The Investa Property Group, one of Australia s premier property companies, for around \$6.5 billion, including about \$4.5 billion in debt. It was one of the largest take-private leveraged buyout transactions in Australian history. Within a year, however, Investa was in serious financial trouble and in danger of collapse. Failure of this investment during the emerging GFC would have threatened several Australian and other global banks. Scott MacDonald, a seasoned American real estate executive with a history of successful corporate turnarounds, agreed to go to Sydney in June of 2008 for a week and review the Investa situation. Five years later, he returned to the US. Saving Investa is the extraordinary true story of how a company, taken over by private equity funds relying on excessive levels of debt, survived against all reasonable odds, and a remarkable tale of an ex-factory worker who triumphed at the big end of town. Saving Investa has recently been named as a Finalist in the Business category of the 2017 Next Generation Indie Book Awards.
