Andrew Green. Mixed media product. Book Condition: new. BRAND NEW, Jazz Guitar Comping: Raising Your Chord Awareness, Andrew Green, "For most of the recorded history of jazz, piano players have been the main, and usually the only, comping instrument. This text will help guitar players get a handle on the most important job they have when playing in a small group: comping. This can be used as a progressive study of comping or simply a source of ideas. Although rhythms and voice leading are found throughout the book, they are isolated for study in particular sections. Companion CD is included covering voice leading, multi-use voicings, voicing variations, passing chords, harmonized scales, intervallic comping, rhythm and studies (blues, standard, modern and modal).".
