The Seven Deadly Sins: Jewish, Christian and Classical Reflections on Human Psychology

By Solomon Schimmel

Oxford University Press Inc. Paperback. Book Condition: new. BRAND NEW, The Seven Deadly Sins: Jewish, Christian and Classical Reflections on Human Psychology, Solomon Schimmel, All of us are engaged in a personal, ongoing battle with sin and vice. The seven deadly sins - lust, greed, envy, anger, pride, gluttony, and sloth - are our main antagonists in this struggle. They are primary causes of unhappiness and immorality, and because of their pervasive nature, have been of perennial interest to religious thinkers, philosophers, dramatists, and poets. In *The Seven Deadly Sins*, Solomon Schimmel explains why psychology must incorporate many of the ethical and spiritual values of religion and moral philosophy if it is to effectively address the emotional problems faced by modern men and women, be they believers or agnostics. Drawing on the psychological insights of the Bible, Aristotle, Maimonides, Aquinas, and Shakespeare, among others, he shows how all of us can learn from them about the relationship between virtue and psychological well-being and vice and emotional distress. This insightful and fascinating work guides us to master our passions rather than be enslaved by them so that we can become more humane and build a happier, caring society.

Reviews

An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It's been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.

-- Beverly Hoppe

Extremely helpful for all classes of individuals. Better than never, though I am quite late in starting to read this one. I realized this publication from my mom and dad suggested this ebook to discover.

-- Adela Schroeder II
