The Really Useful #Edtechbook (Paperback)

By Dr David Hopkins

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. Technology has invaded our working and recreational lives to an extent that few envisaged 20 or 30 years ago. We d be fools to avoid the developments in personal, mobile, and wearable technology. Even if we tried we d still have to deal with other developments and distractions in classroom and learning technology like smart boards, blogs, video, games, students-led learning, virtual learning environments, social media, etc. More than this, however, is how the advances in technology, the economic and physical miniaturisation of computing devices, have impacted education: the students, the teachers, the classrooms, the spaces, the connections, the aspirations, etc. The Really Useful #EdTechBook is about experiences, reflections, hopes, passions, expectations, and professionalism of those working with, in, and for the use of technology in education. Not only is it an insight into how, or why, we work with these technologies, it s about how we as learning professionals got to where we are and how we go forward with our own development. In this book respected individuals from different education sectors write about many aspects of learning technology; from Higher Education (Sue...
