

Tales from the Madhouse: An Insider Critique of Psychiatricservices (Paperback)

By Gary Sidley

Pccs Books, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book. Current psychiatric practices are based on pseudo-scientific assumptions that are barely more valid than those of witchcraft and demonic possession that dominated society s approach to madness in bygone centuries. The author s 33 years of experience working as a mental health professional - psychiatric nurse, clinical psychologist and manager - has enabled the creation of a distinctive insider account of the shameful failings of the Western psychiatric system. Not only is the evidence for psychiatry s deficiencies comprehensively reviewed, but disturbing anecdotes are shared to illustrate how these failings are currently playing out within a psychiatric service near you.
