Understanding Cancer: A Patient's Guide to Diagnosis, Prognosis, and Treatment (2nd Revised edition)

By C. Norman Coleman, Edward C. Halperin

Johns Hopkins University Press. Hardback. Book Condition: new. BRAND NEW, Understanding Cancer: A Patient's Guide to Diagnosis, Prognosis, and Treatment (2nd Revised edition), C. Norman Coleman, Edward C. Halperin, The greatest need of anyone with cancer is to understand the disease-its diagnosis, treatment options, and the often devastating experience of having cancer. In Understanding Cancer, Dr. C. Norman Coleman explains how to gather information about treatments and how to interpret that information to make decisions. He helps the person with cancer prepare for visits to doctors and the hospital and to make those visits as productive as possible. He distills the often complex medical terms and concepts underlying the statistics and percentages used to characterize medical conditions. With clear, in-depth discussions of pretreatment staging of disease, the biology of cancer, how successful treatment is defined, and how best to manage one's time, Understanding Cancer helps people with cancer and their families become active participants in the decision-making process. In the second edition of this highly respected guide, Dr. Coleman describes new treatments that target specific types of cancer as well as treatments that are designed for a particular individual. He discusses the era of molecular medicine, including biomarkers, novel imaging,...

Reviews

An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It has been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.

-- Beverly Hoppe

Extremely helpful for all classes of individuals. Better than never, though I am quite late in starting to read this one. I realized this publication from my mom and dad suggested this ebook to discover.
