After Josephine Wood s father dies of cancer, her mother up-roots the two of them and moves to the city. Josie hates her city life, but her teenage issues are of little consequence when they have a car accident and she wakes up in a strange land (reminiscent of Victorian Europe) alone. Lost, with her school backpack as the only connection to her world, Josie struggles to find her way home. She is found by Lucius Conri, the son of a Marquess, who possesses royal blood and the gift to shift into a wolf s form at will. Can the kind-hearted Lucius help her find her way while winning her love, or will she fall for Donovan Conri his older, more serious brother and heir to the Conri wealth?.
