The venerable art of quilting is full of varied stories from heirloom and vintage pieces. It tells of a rich heritage of memories, hope, and love. In the 21st century, elements of technology, art, and culture have become huge influences as this craft grows into a recognized creative art form that challenges the quilter to find new ways to express themselves with fabric, texture, color, and patterns. In Trine Bakkes Home Sewn Quilts and More for Everyone, she presents everything you'll need to make your first quilting project. There's information on selecting fabric, suggested tools and supplies, and detailed instruction on cutting; it provides an excellent guide with more than 135 full-color photographs and 126 instructional line drawings and patterns. There are detailed instructions using step-by-step hand stitching techniques, as well as how to do contour embroidery, applique, and, of course, quilting.
