Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Sermons of Religion The present volume contains a reprint of two books hitherto separately printed, viz. 1st, Ten Sermons of Religion, first published by Theodore Parker in 1852, and now reprinted from the latest edition of 1859. 2nd, A collection of Prayers, taken down by shorthand, and printed since Mr Parker s death. The Editor has thought well to place these Sermons and Prayers together, for the purpose of forming a volume which shall represent the more peculiarly devotional side of their author s mind, and which, it is trusted, will supply many readers with that assistance to higher thoughts and holier feelings, of which even the best and strongest souls often experience the need, and now find only supplied by the popular religious literature, in conjunction with dogmas they are compelled at every step to reject. Nay more, it has been deemed right to place thus prominently among Parker s Works that portion of them which affords the best testimony of their essentially religious, no less than philosophic, character. Theism is a Positive, not a Negative creed; a Faith to mould the heart and rule the life, as well as supply to the intellect a rational system of theology. Too long has the necessity for clearing space for the future temple amid the forest of existing superstitions made it seem that the work of our neologians begun and ended with the destruction of error.
