Regan Arts, United States, 2015. Paperback. Condition: New. Translation. Language: English . Brand New Book. Finally, we have the chance to read a landmark work from one of Cuba s greatest science fiction writers. If you like intensely psychological sci-fi that deftly piles on the suspense, this novel s for you. The boundaries between dream and reality, and then between human and machine, almost melt away as the story progresses. And it is de Rojas s skillful manipulation of those boundaries that makes A Legend of the Future so addictive. --SF Signal The first book by the father of Cuban science fiction to be translated into English, this mesmerizing novel, reminiscent of Arthur C. Clarke s 2001: A Space Odyssey, is a science-fiction survival story that captures the intense pressures--economic, ideological, and psychological--inside Communist Cuba. A Legend of the Future takes place inside a spaceship on a groundbreaking mission to Titan, one of Saturn s moons; back home, a final conflict between warring superpowers threatens the fate of the Earth. When disaster strikes the ship, the crewmembers are forced into a grand experiment in psychological and emotional conditioning, in which they face not just their innermost fears, but the ultimate sacrifice--their very humanity.
