I love all of these cute little cottages! Frances Great for learning how to shade. Marty These look like paintings. I love them. Amy Best selling adult coloring book artist Beth Ingrias presents a new style of adult coloring book that features 45 mountain cottages in a way that makes creating a work of art simple. Each design features pre-shaded areas. Darker colors work best in the darker pre-shaded areas and any color can be applied to the lighter pre-shaded areas for highlights. Each finished piece looks like a painting done by a master painter. This concept has already become a huge hit among Beth s fans. Grab a copy of this adult coloring book for yourself and create incredible works of art worthy of framing. I love all of the cute little mountain cottages found in mountain villages all over the world. These designs will let you color in your very own mountain village using markers, colored pencils, gel pens or your favorite coloring medium. Each intricate design is printed on the front of the pages only so you don t have to worry about your work of art bleeding through and ruining the patterns on the next page. Beth Ingrias.
