## JavaScript for Kids for Dummies (Paperback)

By Chris Minnick, Eva Holland

John Wiley Sons Inc, United States, 2015. Paperback. Condition: New. 1. Auflage. Language: English . Brand New Book. Have big dreams? Kick start them with JavaScript! If we ve learned one thing from the Millennial generation, it s that no one is too young to make history online. JavaScript For Kids For Dummies introduces pre-teens and early teens alike to the world of JavaScript, which is an integral programming language that drives the functionality of websites and apps. This informative, yet engaging text guides you through the basics of coding with JavaScript, and is an essential resource if you want to expand your technology skills while following easy, step-by-step instructions. Through small, goal-oriented projects, you learn key coding concepts, while actually creating apps, games, and more. This hands-on experience, coupled with the presentation of ideas in a simple style, allows you to both learn and retain JavaScript fundamentals. JavaScript has been heralded as the programming language of the web, and many kids are interested in learning how to use it; however, most schools don t offer coding classes at this level, and most families can t afford the high cost of coding classes through a summer camp. But this can...
