## THE FLASH BOOK (PAPERBACK)

Rocky Nook, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. Standing in front of a room packed with 360 photographers at his seminar, Scott Kelby asked for a show of hands: How many of you own some kind of an off-camera flash? A Nikon, Canon, Yongnuo, etc.? About 340 hands went up. Okay, I have one more question, but before you raise your hand, I want you to really think about your answer. Let's see a show of hands--how many of you love using your off-camera flash? Out of those 360 people, just four people raised their hands. He was stunned. Sadly, the results were similar in city after city, even in different countries. It's like we all bought a flash during the hot shoe flash revolution of 2008-2011, but we're not getting the results we got them for in the first place. Not even close. We don't love our flashes, and worse yet, in many cases, we've even stopped using them altogether. But it doesn't have to be that way. You just need somebody to help you unlock the real secrets to getting beautiful, consistent, and easily repeatable results. That's why The Flash Book book was created--to help you finally fall in love with your flash--and the best news is, it's way easier than you'd think. In fact, you'll be surprised at how simple it really can be because you're not going to learn a bunch of geeky flash stuff, and you're not going to have to do math, and you're not going to need a light meter (it's not that kind of book). Instead, you're going to learn an amazingly simple system--one that Scott has been using for years--and...
