

Manifesting Possible Futures: Towards a New Genre of Literature (Paperback)

By John C Woodcock

iUniverse, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.If the present alienation of mind from nature, i.e., the Cartesian reality principle, is to be overcome, there surely must be a climate of extreme depression amounting in many quarters to despair. One way or another there is an opportunity here for a good writer. who should fill out in terms of concrete events and experiences the issues. If a society is really faced with startling changes and fairly imminent ones (and there is a good deal of evidence that ours is) it cannot be amiss for a few people here and there to be peering ahead, however inadequately, by way of preparation for them.
