

## Agency Theory Information and Ince (Paperback)

By -

Springer-Verlag Berlin and Heidelberg GmbH Co. KG, Germany, 1989. Paperback. Condition: New. Language: English . Brand New Book. Agency Theory is a new branch of economics which focusses on the roles of information and of incentives when individuals cooperate with respect to the utilisation of resources. Basic approaches are coming from microeconomic theory as well as from risk analysis. Among the broad variety of applications are: the many designs of contractual arrangements, organizations, and institutions as well as the manifold aspects of the separation of ownership and control so fundamental for business finance. After some twenty years of intensive research in the field of information economics it might be timely to present the most basic issues, questions, models, and applications. This volume Agency Theory, Information, and Incentives offers introductory surveys as well as results of individual research that seem to shape that field of information economics appropriately. Some 30 authors were invited to present their subjects in such a way that students could easily become acquainted with the main ideas of information economics. So the aim of Agency Theory, Information, and Incentives is to introduce students at an intermediate level and to accompany their work...
