Columbia University Press, United States, 2005. Hardback. Condition: New. New. Language: English . Brand New Book. Has the international movement for democracy and human rights gone from being a weapon against power to part of the arsenal of power itself? Nicolas Guilhot explores this question in his penetrating look at how the U.S. government, the World Bank, political scientists, NGOs, think tanks, and various international organizations have appropriated the movement for democracy and human rights to export neoliberal policies throughout the world. His work charts the various symbolic, ideological, and political meanings that have developed around human rights and democracy movements. Guilhot suggests that these shifting meanings reflect the transformation of a progressive, emancipatory movement into an industry, dominated by experts, ensconced in positions of power. Guilhot's story begins in the 1950s when U.S. foreign policy experts promoted human rights and democracy as part of a democratic international to fight the spread of communism. Later, the unlikely convergence of anti-Stalinist leftists and the nascent neoconservative movement found a place in the Reagan administration. These State Department Socialists, as they were known, created policies and organizations that provided financial and technical expertise to democratic movements, but also supported authoritarian, anti-communist regimes, particularly in Latin America. Guilhot also traces the intellectual and social trajectories of key academics, policymakers, and institutions, including Seymour M. Lipset, Jeane Kirkpatrick, the Chicago Boys, including Milton Friedman, the National Endowment for Democracy, and the Ford Foundation. He examines the ways in which various individuals, or double agents, were able to occupy pivotal positions at the junction of academe, national, and international institutions, and activist movements. He also pays particular attention to the role of the social sciences in transforming the old anti-Communist crusades into respectable international organizations that promoted progressive and democratic ideals, but did not...
