

Expansion Barriers Faced by SMEs in the UK. A Case Study of CAD Serve LTD

By Jobaire Alam

GRIN Verlag Feb 2016, 2016. Taschenbuch. Condition: Neu. Neuware - Master's Thesis from the year 2013 in the subject Business economics - Business Management, Corporate Governance, grade: 0.5, , course: Master in Business Administration, language: English, abstract: Small and medium sized enterprises (SMEs) are one of the principal driving forces in economic development. An important issue regarding the exporting is export barriers. Export barriers as those for which a business organization cannot start a new business or expand existing business in a new environment in a foreign country. Export barriers are of two major types' namely internal barriers and external barriers. The purpose of this study is to analyze the Barriers faced by the Small and Medium Enterprise in the UK when they try to expand their business overseas. This study conducted case study and the chosen case company is CAD Serve LTD. It is a very small industrial and architectural software selling company in Newcastle, UK. The researcher used to work in this company and found that this company was facing some problems in expanding its business overseas. Therefore, the researcher decided to conduct a research regarding the expansion barriers faced by SMEs when they want to expand. This...

Reviews

These kinds of publication is the greatest pdf available. Better then never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Lorena Streich

It becomes an awesome pdf that I have actually read through. It really is full of knowledge and wisdom You may like how the writer compose this book.
