It is in a single of the best book. This is for those who statte there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This crisis extends not only to music, but also to an ignorance of good books, art, theater, and films. If this problem is not solved, our nations cultural and artistic heritage will be irretrievably lost. Mark! My Words by Mark Evans is the first book to address the challenge of this crisis. Unable to write, spell, or speak using the English language correctly. As experts on the lives of celebrities, but ignorant of the most basic facts of American history. Spending countless hours texting, tweeting, and downloading on the latest digital devices, but without reading any book that hasnt been assigned to them in years. With a healthy respect for the present, but a complete disdain for the past. In Mark! My Words readers will encounter: True achievers in the arts who are ignored while we celebrate the accomplishments by geniuses of self-promotion. Teenagers who are mesmerized by pop culture and say they would rather be the assistant to a celebrity than president of a university or a successful business enterprise. Composers of classical music who have turned music into mathematics and have lost their audience...
