Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Comprehensive. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Blockchain In 2008, work began on one of the most ambitious and liberating software projects to date. Satoshi Yakamoto put forward a paper detailing something called a cryptocurrency and how digital currencies could be created and given to one another without a central authority in the middle keeping track of every transaction. These technologies, bitcoin and blockchain, have changed the face of the web - and the world - forever. This book is going to teach you all about blockchain and its potential to change the world. This technology, though new, is baffling experts and has people making bold, bold predictions about the future. Why? Because blockchain is changing the game. Things that were previously convoluted bureaucratic messes now have the potential to be clear as day. Unscrupulous or downright dirty banking practices no longer have to be a concern. Blockchain offers the people the power to control the destiny of whatever they want to do and removes the need for any other person or party in various different applications. Within this book, I m going to tell you about blockchain, cryptocurrencies, and the massive impact of blockchain so far. After that, we re going to go through various scenarios and uses for blockchain and the myriad ways that this technology is changing everything and could completely alter the paradigm for pretty much everything that we know in our society - should we let it. By the end of this book, you re going to feel like you can tackle the topic of blockchain with ease as you go forward. You may invest in cryptocurrencies. or you may get to work on the next great application of the blockchain technology....
