

British Military Rifles (Paperback)

By Peter Duckers

Bloomsbury Publishing PLC, United Kingdom, 2008. Paperback. Condition: New. Language: English . Brand New Book. A spinning bullet leaving a rifled barrel is much more accurate than a musket ball but the technology of grooving a barrel and shaping the projectile to make an efficient and reliable weapon has exercised military minds for centuries. Here is a concise history of the attempts to develop and improve the British Army's most important individual weapon - from the Ferguson of the American Revolution, to the Baker of the Napoleonic Wars, the Brunswick, the Snider, the Martini-Henry and the famous Lee-Enfields - and the ammunition designed for it.

Reviews

This is the finest book i have got study right up until now. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Keanu Johns

This is the finest book i have read until now. It is filled with wisdom and knowledge You can expect to like just how the author compose this ebook.

-- Tobin Lesch
