*Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Rothbard, the father of what some call Radical Libertarianism or Anarcho-Capitalism. Hans-Hermann Hoppe described it as Rothbard's unique contribution to the rediscovery of property and property rights as the common foundation of both economics and political philosophy, and the systematic reconstruction and conceptual integration of modern, marginalist economics and natural-law political philosophy into a unified moral science: libertarianism. After having spent a lifetime searching for an objective, consistent way to make ethical choices, I had finally found it. At this point, I was a hooked Anarcho-Capitalist. I continued to read, outline and learn. That eventually led to the launch of a web site called FlyoverPress.com. Then it dawned on me that, if I converted my outlines into prose, they would make very good condensed (Cliff Note type) book reviews for my web page. This was...
