### **Reviews**

*The ebook is straightforward in read through preferable to comprehend. It is definitely simplified but shocks within the fifty percent of your pdf. Your lifestyle span is going to be transform when you total reading this publication.*  
(Dr. Jarrett Bednar)

## THE PORTABLE MENTOR

Condition: New. Publisher/Verlag: Springer, Berlin | Expert Guide to a Successful Career in Psychology | The ten year anniversary of the book offers an excellent opportunity to publish a second edition. Several aspects of the book have evolved considerably since its first printing. For instance, substantial revision to the internship, licensure, and certification processes has occurred, and are reflected in this resource. Much of the literature on clinical psychology, cultural sensitivity, and the current job market is updated. Changes in technology have large effects on teaching and practicing clinical psychology. These modifications are needed to offer appropriate and updated information for students. In short, virtually every chapter has substantial modification to ensure that the material is accurate and up to date. | Written for students and early career psychologists, The Portable Mentor is a professional development handbook with practical guidelines and suggestions for mastering virtually every professional task encountered during the first decade of a career in psychology. Comprehensive in scope, but practical in use, The Portable Mentor offers the best possible training from the most successful leaders in psychology, combining the wisdom and mentorship of noted psychology experts into a single source. Here is some praise for the first edition: "What a great idea for a book! Edited by two former chairs of the American Psychological Association of Graduate Students (APAGS), this book covers, in a comprehensive fashion, everything about graduate school and career planning a psychologist in training usually learns by word-of-mouth! It's about time someone compiled this crucial information. Whether one is headed for a research or a clinical career, all of the practical steps to get there are included. And, "The Portable Mentor" is an apt description. Every graduate student and young professional will want to have this book readily available." - David H. Barlow, Ph.D., Professor of...
