

Billion-Dollar Ball: A Journey Through the Big-Money Culture of College Football (Hardback)

Filesize: 9.47 MB

Reviews

A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.

(Meagan Roob)

Penguin Putnam Inc, United States, 2015. Hardback. Condition: New. Language: English . Brand New Book. - A Boston Globe Best Book of 2015 - A penetrating examination of how the elite college football programs have become giant entertainment businesses that happened to do a little education on the side. --Mark Kram, The New York Times Two-time Pulitzer-Prize-winning journalist Gilbert M. Gaul offers a riveting and sometimes shocking look inside the money culture of college football and how it has come to dominate a surprising number of colleges and universities. Over the past decade college football has not only doubled in size, but its elite programs have become a \$2.5-billion-a-year entertainment business, with lavishly paid coaches, lucrative television deals, and corporate sponsors eager to slap their logos on everything from scoreboards to footballs and uniforms. Profit margins among the top football schools range from 60 to 75 --results that dwarf those of such high-profile companies as Apple, Facebook, and Microsoft--yet thanks to the support of their football-mad representatives in Congress, teams aren't required to pay taxes. In most cases, those windfalls are not passed on to the universities themselves, but flow directly back into their athletic departments. College presidents have been unwilling or powerless to stop a system that has spawned a wildly profligate infrastructure of coaches, trainers, marketing gurus, and a growing cadre of bureaucrats whose sole purpose is to ensure that players remain academically eligible to play. From the University of Oregon's lavish \$42 million academic center for athletes to Alabama coach Nick Saban's \$7 million paycheck--ten times what the school pays its president, and 70 times what a full-time professor there earns--Gaul examines in depth the extraordinary financial model that supports college football and the effect it has had not only on other athletic programs...
