Reviews

It is really an incredible publication which i actually have possibly read through. It really is written in easy phrases and not confusing. Once you begin to read the book, it is extremely difficult to leave it before concluding.

FABER FABER, United Kingdom, 2006. Paperback. Condition: New. Main. Language: English . Brand New Book. This is a wonderful secret history of British movies that includes the scandals, the suicides, the immolations and the contract killings - the product of thousands of conversations with veteran film-makers. Here you ll meet, among many others, the 20s film idols snorting cocaine from an illuminated glass dance floor on the bank of the Thames, the model who escaped Soho s gangsters to become the queen of the nudie flicks and the genteel Scottish comedienne who, at the age of fifty-five, reinvented herself as a star of exploitation cinema, and fondly remembers the one where I drilled in people s heads and ate their brains . Welcome to the lost worlds of British cinema.
