Dover Publications Inc., United States, 2005. Paperback. Condition: New. Language: English . Brand New Book. This exceptional collection brings together 28 beloved works from the classical repertoire in faithful arrangements for solo guitar. Guitarist and scholar David Nadal has selected a fascinating and diverse array of pieces covering four centuries of music, from the Renaissance to the early twentieth century, some of which appear here for the first time in guitar arrangements. From John Dowland s playful The Frog Galliard and the timeless beauty of Greensleeves, this volume encompasses Scarlatti sonatas, Bach gavottes, and a Chopin prelude, in addition to more modern works by Albeniz and Satie. Pieces by Giuliani, Sor, Paganini, and other composers, both famous and lesser known, are also featured. The inclusion of complete tablature for every selection makes this music accessible to guitarists at every level of expertise.
