CASCADE BOOKS, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. As a young Norwegian Lutheran teenager in rural Wisconsin, Brocker lay awake one night worrying whether he believed in Jesus enough to get to heaven. This getting-to-heaven anxiety reflected an excessive focus on individual salvation and a loss of concern for the well-being of the Earth community. A faith journey that leaves Earth behind is misguided. Ever since those early teen years Brocker has been on a journey to come home to Earth. Coming Home to Earth makes the case that there is no salvation apart from Earth and that Earth care is at the core of our identity and mission as followers of Jesus. The ecological consequences of a loss of concern for the well-being of Earth have been devastating. Brocker is especially concerned to determine what will motivate followers of Jesus to make radical changes in our way of life so that we can participate in the healing of wounded Earth and all of its inhabitants, both human and nonhuman. We are far more likely to make needed sacrifices for our fellow creatures if we share God's delight in and affection for them, and cherish Earth as our home. Coming Home to Earth offers a fertile vision of earthy, environmental Christianity for the twenty-first century. Brocker brings a crucial set of skills to this vital work--a preacher's understanding of the Bible, scholar's knowledge of the field, pastor's wisdom about human nature, and a faithful person's desire to live peacefully with God's earth. Anyone concerned with how Christians and our churches can respond to environmental challenges has much to learn from this book. --Kevin J. O'Brien, Pacific Lutheran University With a pastor's touch and...
