The Elements of Mechanics: A Text-Book for Colleges and Technical Schools (Classic Reprint)

By W S Franklin

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Elements of Mechanics: A Text-Book for Colleges and Technical Schools In attempting to explain the object which we have had in view in preparing this elementary treatise on Mechanics, we will assume that those to whom this preface is addressed have read our introductory chapter and, particularly, the section entitled The Science of Physics. We consider that the most important function of the teacher of physics is to build the logical and mechanical structure of the science; the logical structure mainly by lecture and recitation work, including a great deal of practice by the student in numerical calculation, and the mechanical structure of the science mainly by laboratory work. We believe that these two aspects of physics study should run along together. This text, however, is intended as a basis for the work of the class room. One difficulty in the teaching of physics is that the native sense of most men is incapable, without stimulation, of supplying the materials upon which the logical structure of the science is intended to operate. Those modern...
