PRACTICAL ENGLISH FOR HIGH SCHOOLS (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Practical English for High Schools Practical English for High Schools is a working manual to develop the power of effective communication of ideas in such situations as appear in ordinary life. It does not aim at the appreciation of literature, nor at effectiveness in the writing of fiction or the literary essay. It does, on the other hand, attempt to train pupils in the art of reading to get the thought in the most economical manner possible. The book is the outgrowth of the new movement to distinguish between English for work and English for leisure. It recognizes that all pupils may be trained in clear and correct speaking and writing, but that only the few may hope to attain excellence in the forms of expression that are peculiarly literary. In carrying out the ideals expressed above the authors have observed the following principles: 1. That a textbook should be primarily a laboratory guide and not a treatise or an encyclopedia. 2. That the most important thing for a pupil to learn is not theory but a method of work. 3. That practice in expression has little value unless it grows out of a real situation and involves genuine personal experience and creative imagination. 4. That both good speech and good writing are matters of habit and, therefore, are to be attained by the repetition of activities which enlist the interest of the pupil and call out his energies.
