Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.I know it looks like a spy novel, looks can be deceiving.it s based on fact, not fiction.though it clearly represents something very different is really going on behind the facade of men.I m speaking of the popular belief that men harbour secret truths and subliminal insights while appearing to be lost to the notion, discuss matters in a way only men seem to understand.leap tall buildings at a single bound.and seamlessly pass on that mantle to the young for them to believe they now keep the faith, the secret.Men s Secret Agent Business is.oh who am I kidding!.there is no secret club or subliminal insights men in general entertain.there is an elite group that do that, but don t represent men in general.the truth is most men do what they do for two reasons.one, they don t know any better, two, getting the credit for having a strategy is a get-out-of-gaol-free card when it comes to side stepping L-words, E-words and one particular F-word.no problems with other F-words though.having a little fun with it right now and this is how the diversion is enabled constantly, just laugh it off.time has come to put all jokes aside and get responsible.the goofing off has to stop and we as men have some work to do to make ready for the evolution of mankind.this book is a read for everyone, but especially men.so let s take a little stroll through some men s secret business and see if we can t expose them into doing something about it, huh?.
