Learn everything you need to know to successfully create and manage your WordPress site even if you're a complete beginner. Creating a professional looking website is no longer the preserve of web developers and computer geeks. With the advent of WordPress, anyone can now create and run a beautiful looking and responsive website that works on any device like a PC, Mac, tablet or phone. Learn with a step-by-step visual approach. This book covers the latest version of WordPress using a step-by-step visual approach with lots of screenshots to explain the concepts. The aim of this book is to take a complete beginner or someone with intermediate WordPress skills to being very competent with WordPress in a few short hours. Create beautiful and professional looking websites while saving money! Whether you're a business owner or building a website for a hobby or passion, the knowledge you gain from this book will save you a lot of money that would've otherwise been paid to a professional web developer. We'll start right from the beginning of the process of creating a website, from how to get your domain name and web host, to configuring conditional widgets and sidebars for your WordPress site. You get to watch over my shoulder as we cover all the features provided in WP Admin that allow you to build your fully functional professional looking website. In this book you'll learn: How to create a free website at WordPress.com if that would meet your needs. A specific tool that helps you to find available domain names for your website based on your keywords. How to register your domain name. How to get a web host for your...
