Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Leadership remains the pivot for all matters of life. In the end, it comes down to making the right things happen, in the right way, at the right time and for the right reasons (Omaji 2017). When it comes to peace building - a task that must be done in the entire world, no factor surpasses leadership in this basic rendition. Intriguingly, the youth have emerged as the vectors of this type of leadership that can build peace everywhere. What role has the United Nations (UN) played in this? What lessons can we draw from Nigeria s National Youth Service Corps (NYSC) Scheme in mobilising the elite youth group for peace building? What type of leaders do the youth need to become before they can build peace from wherever they are? In addressing these questions, this book demonstrates how the UN, the NYSC and the youth of the world can converge in the noblest display of leadership.
